

TERRACE, BC

Building on the momentum of the Northern Restoration Community of Practice over the past three years, we are excited to bring the 2026 workshop to Terrace, British Columbia, in the heart of the Skeena region.

TRAVEL

Learning together:

We're excited to bring together professionals like you to strengthen connections, share knowledge, and collectively advance restoration efforts in Northern B.C.

This year's workshop will focus on turning ideas into action by learning from others, and working together to start building resources and sharing training related to key restoration challenges and solutions.

Join us:

To build, develop, and strengthen our community of practice through knowledge sharing, communication, and collaboration.
