

# Participant Package:

## Community of Practice Workshop

Apologies for any duplication, it seems not everyone got the email I sent from inside Whova.

Thank you for registering for the Community of Practice Workshop.

### In-person attendees:

Your participant package including a full schedule can be found [online here](#).

We'll have coffee on at the House of Ancestors from 8 a.m. tomorrow (Tuesday) morning... and the morning people will be ready with smiles and name tags to get us started. Please make sure you eat breakfast first, as we are only providing lunches.

Today's meet-up is a pre-conference site visit to a cottonwood side channel restoration project with Jesi Lauzon from the Spruce City Wildlife Association. RSVP in the [Whova app](#) (under 'Meetups' or by clicking the yellow bar on the 'agenda' page) - meet the crew at 2 p.m. by the railways museum at Cottonwood Island Park. Please join us if you're already in Prince George!

### Online-only attendees:

You should receive a Teams link by the end of today for each of our four panels:

Tuesday @ 10:45 a.m. Road reclamation presentations

Tuesday @ 3 p.m. Wildland fire presentations

Wednesday @ 11 a.m. Caribou habitat restoration presentations

Wednesday @ Wetlands and riparian restoration presentations

If you do not receive a link by 5 p.m. Monday, please email me: [mae.whyte@sernbc.ca](mailto:mae.whyte@sernbc.ca)

You will also have the opportunity to participate in some of our visioning the

future work via the Whova app, so be sure to download or log in (did we mention there's a photo contest?)

## **Canceled tickets:**

I'm sorry to hear you can't join us! I've kept you on the list because you are still able to access the Whova app to network and follow along as your wherewithal permits. I hope we get to connect soon!
